

Dedicated to the anniversary of Professor Andrey V. Vasilyev!

Andrey V. Vasilyev

*Doctor of Engineering Science, Professor,
Head of Chemical technology and industrial
ecology chair of the Samara State Technical
University, Honorary Worker of Higher
Professional Education of the Russian
Federation, honored ecologist of the Samara
region.*

Samara, Russian Federation

On 29th October 2017 a member of the editorial Board of the 'Noise Theory and Practice' journal, Doctor of Engineering Science, Professor, Honorary higher professional education worker Andrey Vitalyevich Vasilyev. A.V. Vasilyev, a well-known scientist in the field of environmental engineering and vibroacoustics, reached the age of fifty-five. He is a multiple state award winner, a repeated winner of Russian and international competitions for grant support of scientific research and academic mobility, a threefold winner of the Samara region Provincial prize for science and technology, an author of over 700 scientific papers, including 7 monographs, 12 textbooks and manuals, 15 patents. He is the head of scientific school marked by the grant of President of the Russian Federation to support the leading scientific schools of Russia; Head of Department of chemical technology and industrial ecology at Samara State Technical University, Head of Department of engineering ecology and ecological monitoring of the Samara RAS scientific center. International Environmental Congresses 'Environment and health and safety of industrial and transport complexes' (ELPIT) held under the leadership of A.V.Vasilyev have become one of the largest environmental events in Russia and widely known by both domestic and foreign scientific and educational community.

We wish him splendid health and further creative achievements!

Sincerely,

Editorial Board of the Journal 'Noise Theory and Practice'
